

Acid Line

Professional acid exfoliation
that smooths, regenerates
and rejuvenates the skin

The line combines AHA, BHA, and PHA acids
to exfoliate, smooth, and renew the skin.

Azelaic acid
exfoliates gently, reduces acne
and pigmentation, soothes
inflammation, and fights bacteria

Salicylic acid
penetrates deep to clear pores,
reduce breakouts, and smooth
the skin while regulating renewal

Pyruvic acid
exfoliates, brightens, and
rejuvenates with antibacterial
and sebum-regulating effects
