Express portulacia
main line: Hand Line | supporting line: Body Line.....23

Hydro ECC Line

Intensive hydration and strengthening of the hydrolipid barrier that restores comfort and radiance to the skin

EctoCer Complex

a combination of ectonin, ceramides and cicitins that intensively moisturize, strengthen the protective barrier and stimulate regeneration

Trehalose

a natural disaccharide that binds water for long-lasting hydration and protects cells from oxidative stress

Inulin

prebiotic polysaccharide that supports the skin microbiome and its protective functions, soothes irritation and improves skin comfort

Moisturizing nano-needle mesoporation

multi-level hydration and strengthening of the skin microbiome

INDICATIONS:

- dry and dehydrated skin
- prone to flaking
- disrupted hydrolipid barrier
- hypersensitivity

EFFECTS:

- intensive, multi-level hydration with long-lasting effect
- strengthening and balancing of the skin's natural microbiome
- smoothing of the skin texture and evening of tone
- enhanced absorption of active ingredients

Treatment scheme:

- Step 1.** Remove makeup with **Hydro Intense Emulsion**.
Step 2. Tone the skin with **Hydro Intense Tonic**.
Step 3. Apply **Hydro Intense Peel**, leave on for 10 minutes, massage, wash off and tone the skin.
Step 4. Apply **Hydro Deep Intense Serum**.
Step 5. Perform nano-needle mesoporation.
Step 6. Apply **Algaplant Hydro Mask**, leave it on for 15 minutes, then take it off.
Step 7. Apply **Hydro Intense Gel Mask** to the neck and décolleté, wash off after 15 minutes.

Treatment duration: 1,5 h
Treatment frequency: Once every 3 weeks in a series of 5 treatments
Booster treatment: Once every 4 months

Treatment products:
Hydro Intense Emulsion • 500 ML • CODE: 44840
Hydro Intense Tonic • 500 ML • CODE: 44842
Hydro Intense Peel • 30 ML • CODE: 4485
Hydro Deep Intense Serum • 10 X 3 ML • CODE: 4486
Algaplant Hydro Mask • 500 ML • CODE: 1099
Hydro Intense Gel Mask • 200 ML • CODE: 4487

Home care:
Hydro Dynamic Booster • 30 ML • CODE: 44890
Hydro Ever Gel Mask • 5 ML • CODE: SZ 44891
Hydro Ever Spray • 250 ML • CODE: 44892
Hydro Ever Cream • 50 ML • CODE: 4489

Ultrasonic hydration

deep hydration and strengthening of the skin microbiome

INDICATIONS:

- weakened skin barrier and microbiome imbalance
- post-treatment skin regeneration
- disrupted pH or over-cleansed skin
- dull, rough or fatigued skin

EFFECTS:

- stimulation of skin cell renewal and oxygenation
- strengthening and maintaining the balance of the skin's beneficial microbiome
- smooth and soft skin
- smoothing wrinkles and improving elasticity

Treatment scheme:

- Step 1.** Remove make-up using **Hydro Intense Emulsion**.
Step 2. Tone the skin using **Hydro Intense Tonic**.
Step 3. Apply **Hydro Intense Peel**, remove after 10 minutes and tone the skin.
Step 4. Apply **Hydro Deep Intense Serum**.
Step 5. Apply **Sensi Peptide Sono Gel** and perform ultrasound massage.
Step 6. Apply **Algaplant Hydro Mask** for 15 minutes.
Step 7. Apply **Hydro Intense Gel Mask** to the neck and cleavage, remove after 15 minutes.
Step 8. Massage in **Hydro Life Intense Cream**.

Treatment duration: 1,5 h
Treatment frequency: Once every 14 days in a series of 5 treatments

Treatment products:
Hydro Intense Emulsion • 500 ML • CODE: 44840
Hydro Intense Tonic • 500 ML • CODE: 44842
Hydro Intense Peel • 30 ML • CODE: 4485
Hydro Deep Intense Serum • 10 X 3 ML • CODE: 4486
Sensi Peptide Sono Gel • 500 ML • CODE: 4450
Algaplant Hydro Mask • 500 ML • CODE: 1099
Hydro Intense Gel Mask • 200 ML • CODE: 4487
Hydro Life Intense Cream • 150 ML • CODE: 4488

Home care:
Hydro Intense Emulsion • 200 ML • CODE: 44841
Hydro Intense Tonic • 200 ML • CODE: 44843
Hydro Intense Peel • 30 ML • CODE: 4485
Hydro Dynamic Booster • 30 ML • CODE: 44890
Hydro Ever Spray • 250 ML • CODE: 44892
Hydro Ever Cream • 50 ML • CODE: 4489

EXOss Pro Age Line

Renewal and rejuvenation for mature skin
— restoring firmness and radiance

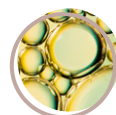

EctoCer Complex

a combination of ectonin, ceramides and cicitins that intensively moisturize, strengthen the protective barrier and stimulate regeneration

Trehalose

a natural disaccharide that binds water for long-lasting hydration and protects cells from oxidative stress

Inulin

prebiotic polysaccharide that supports the skin microbiome and its protective functions, soothes irritation and improves skin comfort

Ultrasound exosomal-senolytic therapy

exosomal therapy for lifting and revitalization of the mature skin of the face, neck and cleavage

INDICATIONS:

- visible wrinkles and fine lines
- dull, tired and dehydrated skin
- skin laxity on the face, neck and décolleté
- uneven texture and signs of photoaging

EFFECTS:

- enhanced skin regeneration through exosomal technology
- lifting and firming effect on sagging skin
- calming and reducing inflammation
- reduction of fine lines and wrinkles

Treatment duration: 1,5 h
Treatment frequency: Once every 14 days

Treatment products:
Caviar Micellar Gel • 500 ML • CODE: 1910
Caviar Micellar Tonic • 500 ML • CODE: 1912
ExoLytic Fusion Serum • 10 X 3 ML • CODE: 4480
Mousse-Oil Mask • 100 ML • CODE: 4481
Exolytic Fusion Cream • 150 ML • CODE: 44820

Treatment scheme:

- Step 1.** Remove make-up with **Caviar Micellar Gel**.
Step 2. Perform cavitation peeling.
Step 3. Tone the skin with **Caviar Micellar Tonic**.
Step 4. Apply **ExoLytic Fusion Serum**.
Step 5. Perform cavitation sonophoresis.
Step 6. Perform massage with **Mousse-Oil Mask**.
Step 7. Apply **Exolytic Fusion Cream**.

Home care:
Caviar Micellar Gel • 200 ML • CODE: 1911
Caviar Micellar Tonic • 200 ML • CODE: 1913
EXOss Pro-Age Set • 2 X 30 ML • CODE: 4483

Exosomal-senolytic microneedle mesoporation of mature skin

effective skin mesoporation in combination with exosomes and neuropeptides

INDICATIONS:

- mature skin with visible signs of aging (wrinkles, loss of firmness)
- dull, dehydrated and tired-looking complexion
- fine lines and expression wrinkles
- skin needing deep regeneration and revitalization

EFFECTS:

- potent rejuvenating and lifting effect
- stimulation of collagen and elastin synthesis
- reduction of fine lines and improved skin elasticity
- deep skin hydration and revitalization

Treatment duration: 1 h
Treatment frequency: Once every 30 days
in a series of 4-5 treatments
Booster treatment: Once every 4 months

Treatment products:
Sensi Peptide Foam • 200 ML • CODE: 44510
Sensi Enzymatic Peel • 200 ML • CODE: 4454
Sensi Peptide Tonic • 500 ML • CODE: 4452
ExoLytic Fusion Serum • 10 X 3 ML • CODE: 4482
Konjac Fiber Mask • 1 PC. • CODE: 1196
Exolytic Fusion Cream • 150 ML • CODE: 44820

Treatment scheme:

- Step 1.** Remove make-up with **Sensi Peptide Foam**.
Step 2. Perform a gentle exfoliation of the skin with **Sensi Enzymatic Peel**.
Step 3. Tone the skin with **Sensi Peptide Tonic**.
Step 4. Apply **ExoLytic Fusion Serum**.
Step 5. Perform microneedle mesoporation.
Step 6. Apply **Konjac Fiber Mask**.
Step 7. Apply **ExoLytic Fusion Cream**.

Home care:
Sensi Peptide Foam • 200 ML • CODE: 44510
Sensi Peptide Tonic • 200 ML • CODE: 4453
Hydro Dynamic Booster • 30 ML • CODE: 44890
EXOss Pro-Age Set • 2 X 30 ML • CODE: 4483

MenoShe Harmony Line

Soothing and strengthening for mature skin
to restore balance and comfort during menopause

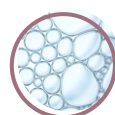

MenoShe

Poplawska Group complex with phytoestrogens from pomegranate, ginseng and resveratrol to restore firmness, elasticity and antioxidant protection to menopausal skin

3 Peptide Viper

Poplawska Group synthetic tripeptide that mimics viper venom to relax facial muscles and reduce wrinkle formation

ECM Tripeptide

Poplawska Group peptide complex that boosts collagen, fibronectin and hyaluronic acid for firmer, smoother, youthful-looking skin

Improvement of facial oval with sonophoresis

reduces the symptoms of skin aging during menopause

INDICATIONS:

- sagging facial contours and weakened facial oval
- skin aging symptoms related to imbalanced phytohormone levels
- dryness and dehydration
- skin lacking vitality and radiance

EFFECTS:

- firmer, more elastic skin
- radiant appearance, emphasizing the natural glow of your skin
- increased resistance to external factors
- assistance in balancing phytohormonal disorders

Treatment scheme:

- Step 1. Remove make-up with **Hydro Intense Emulsion**.
- Step 2. Perform peeling with **Sensi Enzymatic Peel**.
- Step 3. Tone the skin with **Hydro Intense Tonic**.
- Step 4. Apply **MenoShe Serum**.
- Step 5. Introduce the product using sonophoresis.
- Step 6. Apply **Algaplast MenoShe Mask**.
- Step 7. Apply **MenoShe Cream**.

Treatment duration: 1 h
Treatment frequency: Once every 3 weeks in a series of 4-5 treatments

Booster treatment: Once every 6 months

Treatment products:

Hydro Intense Emulsion • 30 ML • CODE: 44840
Sensi Enzymatic Peel • 200 ML • CODE: 4454
Hydro Intense Tonic • 500 ML • CODE: 44842
MenoShe Serum • 10 X 3 ML • CODE: 4471
Algaplast MenoShe Mask • 500 ML • CODE: 1098
MenoShe Cream • 150 ML • CODE: 44740

Home care:

MenoShe Phyto Mask • 5 ML • CODE: SZ 4473
MenoShe Booster • 30 ML • CODE: 4476

Micro-massage with high-frequency currents

darsonvalization treatment combined with phytohormonal therapy

INDICATIONS:

- poor blood circulation and sluggish skin metabolism
- signs of hormonal imbalance affecting the skin
- skin prone to redness and couperose
- dull, tired or lackluster complexion

EFFECTS:

- improved blood circulation and oxygenation of the skin
- reduction of inflammation and bacterial growth
- regulation of sebum production and pore tightening
- enhanced absorption and effectiveness of phytohormonal therapy

Treatment scheme:

- Step 1. Cleanse the skin using **Caviar Micellar Gel**.
- Step 2. Perform peeling using **Caviar Face Peeling**.
- Step 3. Tone the skin using **Caviar Micellar Tonic** and dry it.
- Step 4. Perform 5-minute darsonvalization massage.
- Step 5. Massage in **MenoShe Serum**.
- Step 6. Apply **Algaplast MenoShe Mask** to the face and leave for 15 minutes.
- Step 7. Massage **MenoShe Mask** in the neck and cleavage.
- Step 8. Apply **MenoShe Cream**.

Treatment duration: 1,5 h
Treatment frequency: Once a week in a series of 6 treatments

Booster treatment: Once every 3 months

Treatment products:

Caviar Micellar Gel • 500 ML • CODE: 1910
Caviar Face Peeling • 200 ML • CODE: 1428
Caviar Micellar Tonic • 500 ML • CODE: 1912

Vit. U Reduction Line

Concentrated power of vitamins
that restores radiance and vitality to the skin

Vit. U Complex

complex developed by Poplawska Group, combining vitamin U from cabbage and ambora extract, strengthens blood vessels, reduces erythema, soothes irritation and reduces water loss

Arnica extract

has anti-inflammatory and analgesic effects, reduces swelling and bruising. Strengthens blood vessel walls and effectively reducing skin redness

Horse-chestnut extract

improves microcirculation, strengthens blood vessels and soothes irritation and inflammation, supporting the skin's natural balance

Vacuum microneedle radiofrequency

rejuvenation treatment with vacuum device

INDICATIONS:

- visible capillaries and couperose (spider veins)
- redness and visible blood vessels
- fragile, thin skin prone to irritation
- loss of firmness and elasticity

EFFECTS:

- improvement of skin microcirculation
- strengthening and sealing of capillary walls
- reduction of redness and visible blood vessels
- increased absorption of active ingredients

Treatment duration: 1 h
Treatment frequency: Once every month in a series of 4 treatments

Treatment products:
Micellar Vit. U Lotion • 500 ML • CODE: 4461
Vit. U Tonic • 500 ML • CODE: 4463
Snail Mucin Cream • 150 ML • CODE: 2244

Home care:
Sensi Peptide Foam • 200 ML • CODE: 44510
Hydro Intense Tonic • 200 ML • CODE: 44843
Snail Mucin Cream • 50 ML • CODE: 22442
Vit. U Stop Couperose Mask • 5 ML • CODE: SZ 4467

Treatment scheme:

- Step 1. Remove make-up **Micellar Vit. U Lotion**.
- Step 2. Tone the skin with **Vit. U Tonic**.
- Step 3. Disinfect the skin with an appropriate product.
- Step 4. Perform microneedle radiofrequency with vacuum function.
- Step 5. Use the cooling head of the device.
- Step 6. Apply **Snail Mucin Cream**.

Sealing of vessels and reduction of erythema

treatment that eliminates the causes and symptoms of rosacea with cosmetics containing vitamin U

INDICATIONS:

- rosacea and couperose-prone skin
- persistent redness and visible capillaries
- sensitive, reactive and inflamed skin
- skin prone to erythema and vascular fragility

EFFECTS:

- strengthening and sealing of fragile blood vessels
- significant reduction of redness and erythema
- improved skin barrier function and resistance
- long-term relief from rosacea symptoms

Treatment duration: 1 h
Treatment frequency: Once every 14 days in a series of 5 treatments
Booster treatment: Once every 6 months

Treatment products:
Micellar Vit. U Lotion • 500 ML • CODE: 4461
Sensi Enzymatic Peel • 200 ML • CODE: 4454
Vit. U Tonic • 500 ML • CODE: 4463
Vit. U Stop Couperose Serum • 10 X 3 ML • CODE: 4465
Hydroalgae Vit. U Mask • 1 PC. • CODE: 11906
Vit. U Anti-Couperose Mask • 200 ML • CODE: 4466
Vit. U Cream • 150 ML • CODE: 44680

Home care:
Micellar Vit. U Lotion • 200 ML • CODE: 4462
Sensi Enzymatic Peel • 100 ML • CODE: 4455
Vit. U Tonic • 200 ML • CODE: 4464
Vit. U Cream • 50 ML • CODE: 4469
Vit. U Stop Couperose Mask • 5 ML • CODE: SZ 4467

Treatment scheme:

- Step 1. Remove make-up with **Micellar Vit. U Lotion**.
- Step 2. Perform peeling with **Sensi Enzymatic Peel**.
- Step 3. Tone the skin with **Vit. U Tonic**.
- Step 4. Massage in **Vit. U Stop Couperose Serum**.
- Step 5. Apply **Hydroalgae Vit. U Mask**.
- Step 6. Apply **Vit. U Anti-Couperose Mask** to the neck and cleavage.
- Step 7. Apply **Vit. U Cream**.

Sensi Peptide Line

Reduces skin hypersensitivity

Sensi4Calmina

an innovative raw material from the Poplawska Group Laboratory that reduces skin sensitivity, increasing comfort and tolerance to irritants. It is based on a natural peptide

White lily extract

white lily bulbs have moisturizing, smoothing and anti-inflammatory properties. They support the care of dry, sensitive and irritated skin, leaving it soft and supple

Cucumber extract

rich in vitamins, minerals and antioxidants, moisturizes, improves skin elasticity, reduces swelling and redness, soothing irritation and protecting against free radicals

Reduction of causes and symptoms of skin hypersensitivity

ultrasonic treatment with neuropeptide S.O.S and algae for sensitive, allergic and atopic skin

INDICATIONS:

- dry, irritated skin
- couperose skin
- atopic skin

EFFECTS:

- SOS for the skin in case of severe irritation
- soothing, calming irritated skin
- hydration
- sealing blood vessels
- reduction of redness

Treatment duration: 1,5 h
Treatment frequency: Once a week

Treatment products:

Sensi Peptide Foam • 200 ML • CODE: 44510
Sensi Enzymatic Peel • 200 ML • CODE: 4454
Sensi Peptide Tonic • 500 ML • CODE: 4452
Sensi Peptide Serum • 10 X 3 ML • CODE: 4456
Sensi Peptide Sono Gel • 500 ML • CODE: 4450
Sensi Peptide Mask • 200 ML • CODE: 4457
Algaplast Biogenic Mask • 500 ML • CODE: 10939
Sensi Peptide Cream • 150 ML • CODE: 44580

Home care:

Sensi Peptide Foam • 200 ML • CODE: 44510
Sensi Peptide Tonic • 200 ML • CODE: 4453
Oxy Matrix Eye Cream • 15 ML • CODE: 1747
Sensi Enzymatic Peel • 100 ML • CODE: 4455
Sensi Peptide Cream • 50 ML • CODE: 4459

Treatment scheme:

- Step 1.** Remove make-up using **Sensi Peptide Foam**.
Step 2. Perform peeling with **Sensi Enzymatic Peel**.
Step 3. Tone the skin using **Sensi Peptide Tonic**.
Step 4. Apply **Sensi Peptide Serum**.
Step 5. Apply **Sensi Peptide Sono Gel**.
Step 6. Perform needleless mesotherapy.
Step 7. Apply the cream mask to the face, neck and cleavage.
Step 8. Apply **Algaplast Biogenic Mask** and remove after 20 minutes.
Step 9. Massage in **Sensi Peptide Cream**.

Phototherapy for sensitive skin

treatment that reduces the causes and symptoms of skin hypersensitivity

INDICATIONS:

- hypersensitive and reactive skin
- redness and couperose
- irritated or inflamed skin
- disrupted skin barrier
- tendency to dryness and flakiness
- dull, fatigued complexion

EFFECTS:

- strengthens and restores the skin barrier
- soothes irritation and supports healing
- stimulates microcirculation
- enhances skin tone and radiance

Treatment duration: 1,5 h
Treatment frequency: 1-2 times per week
in a series of 6-8 treatments
Booster treatment: After 3 months

Treatment products:

Sensi Peptide Foam • 200 ML • CODE: 44510
Sensi Enzymatic Peel • 200 ML • CODE: 4454
Sensi Peptide Tonic • 500 ML • CODE: 4452
Sensi Peptide Serum • 10 X 3 ML • CODE: 4456
Sensi Peptide Mask • 200 ML • CODE: 4457
Sensi Peptide Cream • 150 ML • CODE: 44580

Home care:

Metamorphosis Sensi Serum • CODE: 44590
Calming Peptide Mask • 5 ML • CODE: SZ 44592
Sensi Peptide Foam • 200 ML • CODE: 44510
Sensi Peptide Cream • 50 ML • CODE: 4459

Treatment scheme:

- Step 1.** Remove make-up using **Sensi Peptide Foam**.
Step 2. Perform peeling with **Sensi Enzymatic Peel**.
Step 3. Tone the skin using **Sensi Peptide Tonic**.
Step 4. Massage in **Sensi Peptide Serum**.
Step 5. Apply **Sensi Peptide Mask** to the neck and cleavage.
Step 6. Perform phototherapy with an LED lamp.
Step 7. Apply **Sensi Peptide Cream**.

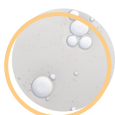

Power Pure Vit C Line

Energizing care with vitamin C that brightens, strengthens and delays the aging process

Retinol

a potent form of vitamin A that smooths skin, reduces wrinkles and spots, regulates sebum and pores

Niacinamide

vitamin B3 that soothes inflammation, balances sebum, brightens skin and strengthens its barrier

Vitamin E

an antioxidant that hydrates, protects against photo-aging and defends skin from external damage

Retibrasion intense therapy

exfoliation with 5% retinol and 100% active vitamin C AA2G

INDICATIONS:

- mature skin with wrinkles
- lost firmness and elasticity of the skin
- discoloration
- photo-aging
- scars
- dilated sebaceous glands
- uneven skin structure

EFFECTS:

- provides 40% improvement in firmness, density and wrinkle smoothing
- brightens and depigments the skin
- normalizes the functioning of sebaceous glands
- reduced wrinkles
- narrows sebaceous glands
- eliminates closed comedones

Treatment scheme:

- Step 1.** Remove make-up from the face, neck and cleavage using **Caviar Micellar Gel**.
- Step 2.** Tone the skin using **Caviar Micellar Tonic**.
- Step 3.** Apply **Power Serum + 100% Vit C AA2G™** prepared in a bowl.
- Step 4.** After 2 minutes apply **Power Mask + 100% Vit C AA2G™** and leave for 20 minutes.
- Step 5.** Wash off the mask, tone the skin and apply **5% Retinol Expanse**, avoiding the eye area and nostrils.
- Step 6.** The customer washes the skin at home 6-8 hours after application. The time of leaving the product on the skin is determined by the cosmetologist.

Due to the strong exfoliating effect after the treatment, it is necessary to use SPF50 daily. It is recommended to reapply the filter every 2 hours. Skin regeneration takes 30 days. During skin regeneration, no strong treatments can be performed.

Treatment duration: Treatment frequency:

45 min
Once every 4 weeks in a series of 3-4 treatments. The number of treatments in a series depends on the initial condition of the skin and the desired effect of the treatment

Treatment products:

Caviar Micellar Gel • 500 ML • CODE: 1910
Caviar Micellar Tonic • 500 ML • CODE: 1912

Max Dermasebum Line

Regulates sebum secretion and prevents imperfections

Bakuchiol

a gentle, plant-based retinol alternative that smooths skin, reduces blemishes and evens tone

Pore Control

mushroom extract, developed by Poplawska Group, that mattifies, minimizes pores, hydrates and balances tone

Salicylic Acid

dual-source acid that unclogs pores, reduces acne and controls sebum with anti-inflammatory action

Targeted acne program - for hormonal & chronic forms

anti-acne program without antibiotics

INDICATIONS:

- common and papular acne
- adult acne
- oily and combination skin
- contaminated skin
- acne scars
- post-inflammatory discoloration

EFFECTS:

- cleanses the skin, reduces acne
- mattifies the skin, reduces excess sebum
- normalizes the functioning of sebaceous glands
- reduces acne scars, brightens post-inflammatory discolorations
- improves hydration

Treatment scheme:

- Step 1.** Remove make-up from the face and neck using **Max Matt Gel**.
- Step 2.** Cleanse the skin using **Pre Peel Cleanser**. Protect the eyes, nose and mouth with petroleum jelly.
- Step 3.** Apply **Anti-Acne Hybrid Peel** with a brush.
- Step 4.** After 5 minutes, neutralize the acid using **Neutralizer Lotion** and wash off with water.
- Step 5.** Tone the skin using **Max Matt Tonic** and perform cavitation peeling.
- Step 6.** Introduce **Max Sebum Control Serum** with cavitation sonophoresis.
- Step 7.** Apply **Max Balance Mask** and leave for 20 minutes.
- Step 8.** After removing the mask, apply **Max Sebum Control Cream** to the face, neck and cleavage.

Treatment duration: 1,5 h
Treatment frequency: Once every 14 days in a series of 4 treatments
Booster treatment: Once every 6 months

Treatment products:
Max Matt Gel • 500 ML • CODE: 1222
Pre Peel Cleanser • 200 ML • CODE: 1271

DID YOU KNOW?

Telomere rejuvenation causes an increase in the number of skin cell divisions, making the skin look younger longer.

Caviar & Matrix Line

Caviar formula, created with love for your skin

Caviar extract

strongly moisturizes and nourishes the skin, supporting its natural balance and microflora, soothes irritation, accelerates healing and improves skin elasticity and firmness

Recelltin

a unique complex of yeast extract and amino acids that supports skin cell regeneration and slows down the signs of ageing, improves microcirculation and increases skin oxygenation

Pearl

contains conchiolin and calcium to promote skin regeneration and hydration, soothes inflammation, increases skin tone and brightens skin tone, reducing the appearance of wrinkles

Combo peptide caviar face peel

peptide renewal, lifting and revitalization of the skin of the face, neck and cleavage

INDICATIONS:

- mimic and static wrinkles
- lost firmness
- deterioration of the face oval
- symptoms of photo-aging

EFFECTS:

- revitalizes
- improves skin tone
- firms and rejuvenates
- reduces mimic and static wrinkles

Treatment scheme:

- Step 1. Remove make-up from the face, neck and cleavage using **Caviar Micellar Gel**.
- Step 2. Cleanse the skin using **Pre Peel Cleanser**, then apply **Combo Peptide Peel** for 10 minutes.
- Step 3. Neutralize the peeling using **Neutralizer Lotion**.
- Step 4. Tone the skin using **Caviar Micellar Tonic**.
- Step 5. Massage in **Caviar Serum** and perform sonophoresis/iontophoresis or needle-free mesotherapy.
- Step 6. Apply **Hydroalgae Caviar Mask** for 20 minutes.
- Step 7. Massage in **Caviar Cream**.

Poison Line

Exclusive venom-inspired care to rejuvenate, smooth and firm skin

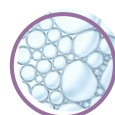

Protein H Silk

Poplawska Group ingredient with amino acids and proteins that hydrate, smooth and protect skin and hair

Shea Butter

rich in fatty acids and vitamins, it nourishes, moisturizes and strengthens the skin's barrier

ECM Tripeptide

Poplawska Group peptide complex that boosts collagen and elasticity for firmer, younger-looking skin

Deep skin recovery with snail mucin

instant soothing after intensive cosmetic treatments

INDICATIONS:

- dry skin
- sensitive skin
- irritations
- post-acne scars
- after exfoliation

EFFECTS:

- soothes irritations
- regenerates
- eliminates erythema
- accelerates the elimination of scars
- soothes burning and itching

Treatment scheme:

- Step 1.** Cleanse the face, neck and cleavage using **Sensi Peptide Foam**.
Step 2. Perform peeling using **Sensi Enzymatic Peel**.
Step 3. Tone the skin using **Sensi Peptide Tonic**.
Step 4. Apply **Snail Concentrate** and introduce it manually or using sonophoresis.
Step 5. Apply **Snail Gel Mask** or **Snail Silk Mask** and leave for approx. 20 minutes.
Step 6. After removing the mask, apply **Snail Mucin Cream** to the face, neck and cleavage.

Before the application, put the unopened mask in cold water for 5-10 minutes. Thanks to this, the mask will immediately lower the temperature, soothe and calm the skin.
